

THE TUBE-Q HOT AIR TOOL

With a tube handle design and double turbine system for even more air flow, the Tube-Q converts to a hand-held plastic welder with the addition of accessories.

The Tube-Q welder offers you a choice in handle designs.

APPLICATIONS:

- Roof seam welding
- Flooring installations
- Repairing and making truck tarpaulins and awnings
- Overlap welding of vinyls and coated fabrics
- Tank construction
- Heating thermoplastics for forming and bending
- Drying
- Installing pool liners, roofing and flooring
- Automotive manufacturing processes
- Shrinking tubing, molded parts, sleeves, etc.
- Defrosting and warming
- Activating adhesives
- Plastic fabrication

FORSTHOFF tools

for quality and reliability... at a reasonable price.
